

# B-MOBILE IS HERE!

**BAYLEYS' ON-THE-GO AGENT TOOL KIT IS AVAILABLE FOR DOWNLOAD FROM THE APP STORE NOW!**

The purpose of B-Mobile is to give you quick and easy access to Bayleys' capability product suite at face to face submission meetings – may it be an informal one on one café catch up, or a formal boardroom presentation. It allows you to showcase all of our collateral to vendors from one easy to use interface.

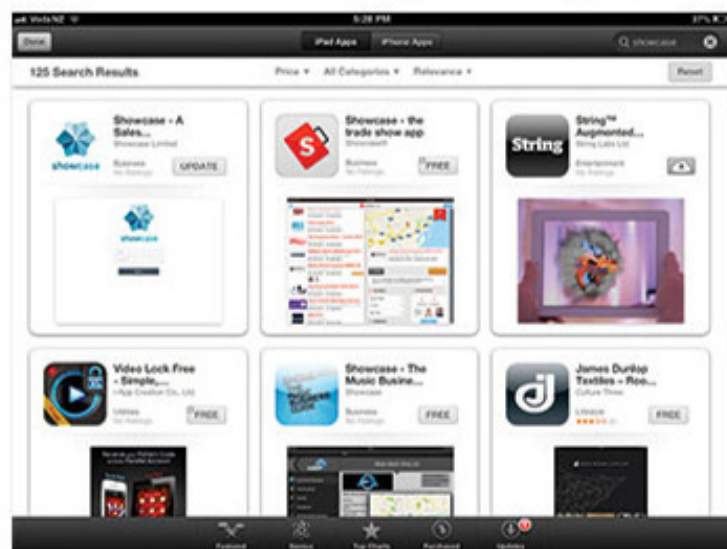

## B-Mobile houses the following tools –

- Magazine / campaign sell in kits
- Historical marketing reports
- Bayleys winning the business tools including the NEW company profile video
- Up-to-date research reports
- Current e-books
- The national marketing calendar
- Auction results
- And a live section, with links to [www.bayleys.co.nz](http://www.bayleys.co.nz) / Property Guru / and other relevant property portals and news sites

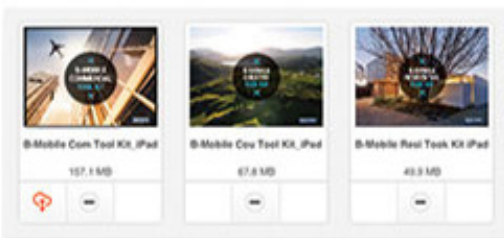

Please note, that it is not intended that B-Mobile replace B-Central or any other office system but is just another tool to assist you in securing business.

## TO ACCESS 'B-MOBILE'

### 1. Download Showcase from the Apple / Android App store

2. Login using your email address and password 'bayleys'
3. Sync the relevant B-Mobile Tool Kit application

Please note there are different versions for iPad / Android

It is recommended you are on a WiFi connection the first time you download B-Mobile – it may take up to 20mins. Every time B-Mobile is updated you will get a prompt to update to the latest version – this will never take more than a few minutes. It is also recommended that you change your password to something secure / memorable immediately post your first login.

B-Mobile is being updated all the time. Every time we add new content you will get a prompt to update within the app (a number will appear on top of the Showcase app logo) – just like you would with any other application. Updates will also be detailed in the B-Flash.
